"Embrace the Angel"

**Sharing Amber's message of
"Hope, Heaven, and the miracle of
Life and Death."**

With the Foreword written by Bernie Siegel, MD, and a review from Elisabeth Kubler-Ross, this book is transformational. Uplifting and inspirational, it opens the door to a paradigm shift in the way we view dying and ultimately death.

Tobias & Co. LLC

**Creating products with love
that inspire and transform!**

Traveling the world, Patti captures the details that many of us miss—doors, windows, knockers, creatures and Angels. She brings them to life on posters, greeting cards, prints, silk pillow covers, scarves, and neckties. Colorful and creative, they awaken a childlike sense of wonder and joy.

"Be an Angel, Comfort an Angel" Global Initiative

The "Be an Angel, Comfort an Angel" Program brings inspiration, comfort, and connection to the bereaved. It's Patti's way of giving back...of touching those who long to feel uplifted...of sharing the power of Angels here on earth.

For every *Embrace the Angel* silk scarf, necktie, or pillow cover purchased, Tobias & Co. LLC donates one to a bereaved mother, father, or critically ill child in need.

Born in the City of Angels (LA, California) at the Queen of Angels Hospital, Patti knew she was chosen at an early age, though she didn't know why. And then she discovered a small lump behind her daughter, Amber's ear, in August of 1979. It was a discovery that would change her life, her destiny, and the world. Her story, chronicled in Amber's book, *Embrace the Angel*, challenges the notion of death and invites us to harness the power of "Crossing the Threshold" to enrich the lives of others...to transform this world for the better.

Using the tools, skills, and talents given to her by The Divine, Patti created Tobias & Co. LLC, a company devoted to elevating others, offering hope and inspiration to the bereaved and critically ill, and sharing her unique creations that delight the senses, soothe the soul, and lift the spirit.

- **Named** *Milford's Renaissance Woman* by the *New Haven Advocate*.

Questions for Patti:

- 1) How did you manage to move forward and elevate others rather than get stuck in the paralyzing cycle of grief? Insights? Resources?
- 2) What is it about "giving back" that has helped you cope and spread Amber's message? What is the meaning in your life... your Why?
- 3) How do you #Embrace the Angel rather than reject the fact that your child died? What helps you move toward The Light, not the darkness?
- 4) What are your hopes, dreams, future goals, plans, and projects?
- 5) Have you discovered something about yourself that surprised, even shocked you?
- 6) Why do you call yourself a "Pebble Thrower in the still Pond of Life?"
